A Per AQUUM Resort & Spa

## LOCATION

Dubai. A city of contrasts where outstanding modern architecture and soaring skyscrapers are juxtaposed with residential villas and traditional Arabic homes and then, a verdant retreat like Desert Palm.

Your chauffeur meets you at the airport on arrival and escorts you to Desert Palm via a private luxury car, to begin your modern Arabian experience.

## RESORT CONCEPT & PHILOSOPHY

Chic luxury emerges from a dramatic desert landscape.

Contrast. The vast sandscapes of the Arabian landscape versus the lush surrounds of green in an extensive polo property. The conventional opulence of Dubai luxury hotels versus signature Per Aquum chic subtly merged with the elegant forms of local architecture and design.

Set amidst green fields and palm trees, Desert Palm offers sensually-designed accommodation – Arabia touched with the avant-garde.

Twenty-four 'naturally modern' guest rooms and villas, each showcasing its own distinctive design embodying the simplicity and elegance of the estate's graceful surrounds.

The backdrop: Desert Palm polo estate, showcasing four championship polo fields, a riding school, stables, rare birds, endless sunshine and vast green landscapes.

## LIME

Designer journeys, exuding individuality. A sensual space brought to life through the creative use of texture, lighting and aromatherapy. Offering an integrated wellness approach: healing spa therapies, relaxation and fitness, healthy organic cuisine.

Your sanctuary: six spa suites. Therapeutic water and heat experiences. Spa and wellness boutique.

Your experience: signature spa rituals for beauty and health. Body exotics. Massage. Facial therapy. Wellness services.
