DIVING, WATER SPORTS AND FISHING

DIVING

Break the surface of an endless blue. A liquid world of pulsating life. Exotic creatures flash by. A colour spectrum you have never before seen. With FLOAT at Huvafen Fushi, discover the underwater spectacle of the Maldives during the daily dive programs.

Beginners can have their first glimpse of a whole new underwater world of fish and coral landscape with our "Discover Scuba Diving" course. Already tried diving before? Go on and complete your diving license – we offer scuba diver and open water diver certification courses that take just a couple of days.

Kids as young as 8 can search for their own Nemo with the "Bubble Maker" program, while children 10 years and older can pretend to be Nemo on the "Junior Scuba Diver" or "Junior Open Water Diver" courses.

For **certified** divers, choose between morning double tank and afternoon single tank dives, night dives, as well as a wide variety of advanced and specialty courses. If it has been a while since your last dive, come and do a Scuba Review, which will refresh your skills and bring back your confidence in the water.

Take your diving to the next level with one of our many specialty courses, including those with a focus on such areas as: nitrox, underwater digital photography, diver propulsion vehicle (DPV), underwater naturalist, drift diver and night diver.

Explore the atolls, Maldivian style – take a private half-day or full-day diving adventure onboard a unique but traditional luxury dhoni or on one of our comfortable fiberglass boats. Craving more personalised attention? Private courses are available for those who wish to have an exclusive and intimate diving experience with their own instructor.

Safety while diving is an essential factor for any great diving experience, and we maintain an unrivalled safety system. All staff members are trained in first aid, and all of our boats are outfitted with oxygen kits, first aid kits, GPS, mobile phones, torches, safety balloons and life preservers, ready to handle any emergency, should one arise. For added peace of mind, we also offer the DAN Maldives dive insurance for the duration of your stay (a small contributory fee to DAN Maldives applies).

Dive with ease, above and below the water. A full dive valet service comes with all of our dives, so you never need to handle your equipment except while diving. Relax in comfort before and after your diving adventure with post-dive refreshments and ample facilities. Furthermore, our multi-lingual dive team speaks most European languages and Japanese.

Our passion is within our belief that we make a difference.

We empower each other with confidence and freedom, always striving to attain the ultimate experience for each of our guests.

We create sensual living spaces born from inspirational concepts and brought to life with naturally modern design.

WATER SPORTS AND FISHING

Big game fishing: Snag a barracuda at dawn, and pursue a sailfish in the afternoon. In between, hunt for wahoo, mahi mahi, tuna and trevally. Take on the challenge – the Indian Ocean is waiting for you. We offer sunrise big game fishing from 6:30 – 10:30, half day trips from 13:00 – 17:00 and full day trips for 8 hours.

Sunset fishing: Looking for some nautical excitement, after hours? Catch your own supper with the Maldivian technique of hand-line fishing. Wednesdays and Saturdays from 18:30 – 20:30, or private any day.

Private speedboat rental: Enjoy the freedom of being able to explore the beautiful seascape around Huvafen Fushi in a private speedboat with its own captain and crew. Our swan 20 speedboat, parasailing boat and fishing boat can all be chartered by the hour.

Sand Bank Snorkeling Excursions – Speedboat & Catamaran: Have you ever wished of having your own little island? Our small Sand Bank can fulfill your dream, whether it is going snorkeling with our speedboat and stopping over there or sailing the beautiful reefs with our catamaran and relaxing on the Sand Bank for a while till you come back.

Jet Skiing: Adrenaline pumping. Find high-speed fun on the open sea with our exhilarating Wave Runners.

Seabob: Not your typical sea-scooter! Experience life at a dolphin's swift pace with this underwater rocket. A 15-minute introduction teaches you how to have maximum fun with the Seabob. Afterwards, test your bravery and hang on tight when your underwater speed reaches up to 20 km/h.

Parasailing: Get a bird's-eye view of the stunning Maldives – and fly like one, too, while you parasail over Huvafen Fushi. A thrilling ride and great photo opportunities.

Water skiing, Mono skiing, Wake boarding, Knee boarding and Fun tubes: Skimming the waves, your breath taken away. Exhilarating rides and lessons are available for guests who love to speed over the water in a variety of ways.

Catamaran, Windsurfing and Kite surfing lessons: Explore the ocean. Slice through the waves on a catamaran. Kayak along the reef. We offer beginner courses, private lessons, refresher courses, advanced courses and international certifications for several different wind sports.

Snorkeling: Surround yourself in blue. We offer a wide variety of snorkeling activities: house reef snorkeling for beginners, DPV guided snorkel trips, snorkel hopping by speed boat, snorkeling with manta rays (in season), and more.

Complimentary activities: Jump in and enjoy the warm waters of the Indian Ocean. We provide snorkeling equipment and all non-motorized water sports, free of charge. Float at the intersection of water and sky, and try one of our many different kayaks – we have pedal kayaks, paddle kayaks and even transparent glass kayaks for observing the creatures below. If you have a license and know how to windsurf, catamaran sail or kite surf, then please feel welcome to use our high-quality equipment. If not, satisfy your curiosity: take a couple of lessons for a small fee and discover your inner sailor or surfer.
